

Audits

All graduates are eligible to audit a class without any tuition charges. If a student is not a graduate and wants to audit a class to refresh their skills, there will be a \$100 fee. In addition, all students auditing a class must pay for the cost of a new textbook if required. Graduates may schedule to audit a class anytime during the scheduling process. Non-graduates may only schedule during the first day of class if a seat is available. (Effective 1/1/11)
